

# The 15<sup>th</sup> International Conference on Bio-inspired Computing: Theories and Applications (BICTA2020)

Conference Overview

**October 23-25, 2020, Qingdao, China**

The 15th International Conference on Bio-inspired Computing: Theories and Applications (BIC-TA 2020) will be held on October 23-25, 2020, in Qingdao, China. BIC-TA 2020 is the fifteenth annual event in the high-reputation BIC-TA series. BIC-TA 2020 aims to provide a high-level international forum for researchers working in the field of bio-inspired computing to present their recent study results and to exchange ideas. The conference invites researchers to contribute high-quality original research papers in any aspect of bio-inspired computing, especially papers showing the power and impact of bio-inspired computing in artificial intelligence.

All accepted papers will be published in Communications in Computer and Information Science (CCIS) by Springer. CCIS is abstracted/indexed in EI-Compendex, ISI Proceedings, etc. **We refer authors to Springer's CCIS webpage, for all information related to CCIS.**

## Paper Submission

Webpage: <http://2020.bicta.org/>

Submission Webpage:

<https://easychair.org/conferences/?conf=bicta2020>

## Important Dates

Paper Submission Deadline: July 24, 2020

Acceptance Notification: August 21, 2020

Final Submission: September 21, 2020

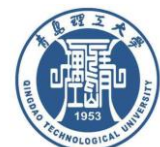

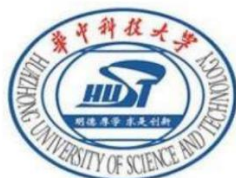

A part of selected high-quality papers will be extended for publishing in several potential journals

IEEE Access (under discussion), 中科院二区, IF 3.53

IEEE T Nanobioscience (under discussion), 中科院三区, IF 2.35

IEEE/ACM T Computational Biology and Bioinformatics (under discussion), 中科院三区, IF 2.896

International of Adaptive and Inovative Systems (ESCI)

青島理工大學  
QINGDAO TECHNOLOGICAL UNIVERSITY
